

WinPaccs Cost Control Training

Intensive training for financial controller, GIZ accounting and finance staff
who are responsible for financial monitoring

Financial monitoring is an important aspect in effective project management. We need functioning and efficient IT solutions to support our financial management. Without a structural monitoring system, we might lose an overview of project budget. This might lead to over- or under-disbursement of contracted budget, and mislead the project planning and implementation. Winpaccs Cost Control is one of GIZ financial management tools that will help you plan and monitor project progress efficiently.

This intensive training enables participants to work with Winpaccs Cost Control (WCC) and understand specific possibilities for cost calculations and budget control under their commissions.

Date: 27-29 July 2016

Venue: Bangkok

Course fees: to be confirmed
(include lunch, refreshment and training materials)

Number of participants: up to 20

Learning Objectives

At the end of the training, the participants will

- have an overview of GIZ business especially on co-financing
- have improved their understanding and usage of Winpaccs Cost Control software
- understand how to disburse and monitor their project budget effectively
- understand how to use Winpaccs Cost Control to create their own project internal structure based on actual project monitoring/reporting requirements.
- understand and get familiar with how to manage co-finance projects by creating their own reporting scheme, budget and reports.
- have reflected, discussed and explored solutions for difficult situations they are facing in their daily work
- have applied related concepts and solutions in their daily work cases

Topics / Content

- Data Supply
- Downloading master data and voucher files
- Data backup and restore
- Project internal structure
- Generating different reports
- Financial monitoring for co-financing project: creating own reporting scheme, budget and reports

About the trainers

Petchada Usanapong has over 30 years of experience working in Thai-German Technical Cooperation. Petchada is the deputy country director of GIZ Malaysia and Thailand and the head of administration. She carried out various admin and finance trainings for GIZ participants, as well as provided initial support for the offices in Lao, Cambodia, Vietnam and Myanmar and others in the Asia Pacific

Ly Pham has worked for GIZ Vietnam for almost 10 years in administration and financial management, especially for co-finance programs. She has been applying Winpaccs Cost Control for various projects/programs in Vietnam and provided coaching/ trainings for project administrative staff in Vietnam regarding this topic. She is currently a free-lance consultant.
