

Workshop
“Monitoring and Evaluation of Energy Efficiency Policies”
 Organised by Thai-German Programme on
 Energy Efficiency Development Plan (TGP-EEDP)

At Pra Tam Nuk Room, Sheraton Resort Pattaya Chonburi, Thailand
 21st - 22rd November 2014

Background and Project Overview:

Under the Thai- German Programme on Energy Efficiency Development Plan or TGP-EEDP, GIZ has been commissioned by the German Federal Ministry for Environment, Nature Conservation, Building and Nuclear Safety (BMUB) to contribute to the further development of the 20-year Energy Efficiency Development Plan (EEDP, 2011-2030) and to support the actions and to assist the implementation. The 3-year project has officially started in May 2012 and will run until April 2015. Project partners of TGP-EEDP include the Energy Policy and Planning Office (EPPO), the Department of Alternative Energy Development and Efficiency (DEDE) and the Thailand Greenhouse Gas Management Organization (TGO). The TGP-EEDP Project aims at promoting the increase of energy efficiency in industry and building sectors by supporting the implementation of the EEDP plan which will have a direct impact on CO₂ emission reduction.

On 21st – 22rd Nov 2014 at the Sheraton Report Pattaya, the project will organize the capacity building and workshop on the topic of “Monitoring and Evaluation of Energy Efficiency Policies” in order to achieve the following objectives:

- To enhance knowledge and understanding about “monitoring and evaluation of Energy Efficiency Policy”, its implication and methodology differences
- To emphasize the importance and challenges of “monitoring and evaluation of Energy Efficiency Policy”, especially in relation to MRV
- To share and exchange knowledge and information of development of Thailand’s MRV guideline for energy sector

Schedule:
Capacity Building and Training on
“Monitoring and Evaluation of Energy Efficiency Policies”
 21-22 November 2014 at the Sheraton Resort Pattaya

09.30-10.00	Registration	
10.00-10.15	Welcome & Opening Address	• EPPO (tbc)
10.15-10.35	State of affairs for strategy of domestic and supported NAMA's in Thailand	• ONEP
10.35-10.55	Introduction of current MRV guideline (focus on energy efficiency) in Thailand	• TGO
10.55-11.00	Photo session	
11.00-11.40	Overview of assessment concepts: Sectoral inventories vs. policy impact evaluation; pros and cons of top-down and bottom-up evaluation	• Dr. Stefan Thomas Wuppertal Institute, Germany
11.40-12.30	Exercise/ group discussion Applying different concepts of monitoring and evaluation (M&E)	
12.30-13.30	Luncheon	
13:30 -14:00	Presenting group discussion	
14:00 -14:20	(Recap and presenting the results of group exercise) Presentation: Concepts and implication of different monitoring and evaluation terms: MRV, M&E, M&V	• Mr. Timon Wehnert Wuppertal Institute, Germany
14.20-14.50	Domestic NAMA's and supported NAMA's and related MRV systems	• Mr. Timon Wehnert Wuppertal Institute, Germany
14.50-15.10	Coffee break	
15.10-15.45	Importance and methodology of Bottom-up and how to do a bottom-up evaluation study	• Dr. Stefan Thomas Wuppertal Institute, Germany
15.45-17.15	Exercise on doing a bottom-up evaluation study (session 1)	
17.15-17.30	Remarks and conclusion day 1	• Dr. Milou Beerepoot TGP-EEDP Project Director, GIZ
18.00-19.30	EE-NAMA Dinner Talk	

Expected participants (about 30 persons)

1. EPPO
2. DEDE
3. EGAT
4. ONEP
5. TGP
6. GIZ
7. Climate Policy Experts
8. Energy Efficiency Experts
