

Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ) GmbH is a service enterprise for development cooperation with international operations and global experience. Owned by the Federal Republic of Germany, the organization operates as a private-sector enterprise with a development policy mandate to make sustainable improvements to the living conditions of people in the countries we operate in. GIZ has a record of more than 60 years working experience in Thailand.

The Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ) was commissioned by the the Federal Ministry for Economic Affairs and Climate Action (BMWK) with the implementation of the H2Uppp project. The objective of the project is to seize the opportunities of green H2 and Power-to-X by aiming at identifying economic production opportunities, exploring pathways, and supporting the realization of Thai-German project ideas and business models. The project will also foster innovation, knowledge transfer and eventually support the scaling of production and use of green H2 and Power-to-X in Thailand.

## **Advisor for Renewable Energy and Green Hydrogen**

### **Job Highlights**

- Job with purpose: Work for the energy transition
- Pioneering topics: Lead the new energy innovation
