

Announcement – Call for Interest

As an international cooperation enterprise with worldwide operations, the German government owned Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ) GmbH operates on behalf of German ministries, the governments of other countries and international clients to provide tailor-made, cost-efficient and effective services for sustainable development. We are looking for **an expert/consultant (company/organization/university/Intitute)** to provide consultancy service for **Development and feasibility check of guidelines for local deposit return systems for reusable packaging in local events / festivals in Bangkok, Thailand for Collaborative Action for Single-Use Plastic Prevention in Southeast Asia (CAP SEA).**

Development and feasibility check of guidelines for local deposit return systems for reusable packaging in local events / festivals in Bangkok, Thailand

GIZ supports the German Federal Ministry for the Environment, Nature Conservation, Nuclear Safety and Consumer Protection (BMUV) initiative to introduce environmental and climate protection technologies in partner countries to protect the environment, improve resource efficiency and reduce greenhouse gas emissions. The Collaborative Action for Single-Use Plastic Prevention in Southeast Asia (CAP SEA) project is part of a global project “Export Initiative Environmental Protection” implemented in Thailand and Malaysia. The project’s objective is to support partner countries in preventing Single-Use Plastics. The project employs a blended approach, consisting of policy advice on circular economy approaches, capacity development for key stakeholders and local government pilot activities.

In this regard, the project would like to hire consultants to develop and check the feasibility of guidelines for local deposit return systems for reusable packaging in local events / festivals in Bangkok, Thailand. This assignment will contribute to one of the work packages from CAP SEA in collaborating with BMA to set up the Deposit Return/Refund Scheme (DRS) for reusable packaging to incentivize reuse and disincentivize single-use packaging at events and festivals in Bangkok.

Qualifications:

The consultancy is expected to provide a list of experts who will work in this assignment. The consultancy should clearly demonstrate the team of experts fulfil all the below mentioned qualification and skills:

Expert 1: A senior consultant

- Master’s degree in the field of engineering, environmental management, economics, finance, business management or equivalent
- Good business language skills in Thai and English language
- 8 years of professional experience in the area relevant to the assignment
- 5 years in the plastic & packaging sector in Thailand
- 3 years of management/leadership experience as project team leader or manager in a company
- Knowledge in (public) event organization and a wide network/contact in the waste prevention stakeholder landscape in Thailand, e.g., to reuse start-ups, service providers.

Expert 2: A junior consultant

- Bachelor's degree in the field of engineering, environmental management, economics, finance, business management or equivalent
- Good business language skills in Thai and English language
- 2 years of professional experience in the area relevant to the assignment

This will be an assignment-based contract, with a period of 15 months from 1 November 2023 to 31 January 2025 tentatively, with possibility to change period in case delay of tender process.

If you are interested, please confirm your interest via email to TH_Quotation@giz.de within 30 September 2023. Kindly put **email Subject: "Call for Interest 83447221"** and attach your expert CV/ company profile.

Tender bidding process will be carried out after the Call for Interest. Invitation for Bidding will be sent out by first week of October.
