

As an international cooperation enterprise for sustainable development with worldwide operations, the government owned Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ) GmbH operates on behalf of German Ministry of Environment. GIZ has a record of more than 60 years working in Thailand.

For the Programme **TGC EMC: Thai-German Cooperation on Energy, Mobility, and Climate** we are currently looking for a Project Manager.

Project Manager

The **Thai-German Cooperation on Energy, Mobility and Climate (TGC EMC)** is a bilateral program under the International Climate Initiative (IKI) supported by the German Federal Ministry for Economic Affairs and Climate Action (BMWK). The programme aims to support the acceleration of Thailand's energy transition, ensuring compatibility between economic growth and high climate ambitions. Focusing on the two most important sectors in terms of emissions, the project will support the operationalization of the power and transport transition through technology and knowledge transfer as well as policy, regulatory and business model development support. A clear focus will be put on sector coupling to encourage the tackling of issues shared across sectors which slow the energy transition. This cross-sectoral support to implementation will translate into City Labs where the technical, regulatory and business support will be put into action along with local stakeholders in an urban set up, integrating a scaling-up plan. Finally, the project will provide significant support in the field of climate finance. The Thai Climate Finance Initiative (ThaiCI) will provide seed funding to a number of local projects along with capacity development to both the funding manager and potential recipients.

Responsibilities:

The Project Manager will be responsible for the following tasks:

- Assume **lead coordination and management responsibility** for project overarching and sector-cross-cutting activities
- Supervise, manage, and coordinate **activity implementation of overarching and cross-cutting outputs**, including **budget planning and monitoring**
- Establish, maintain, and further develop partner relationships
- Lead **strategic partner engagement**
- Coordinate and manage **implementation of overarching** and sector cross-cutting TGC EMC activities, across components, as well as with **political and consortium partners**
- Lead and coordinate the implementation/ application of collaborative **development of action plans, result-based monitoring system** and other **management tools and processes** for the efficient and effective implementation of the project
- Ensure **synergies and coordination** across TGC EMC components and with other projects
- Lead and manage TGC EMC **project operational planning**, including activities, timeline, and milestones
- Implement project activities independently, efficiently, transparently and in close cooperation with other teams and colleagues; activities foreseen include policy advisory, technical studies and trainings, partner coordination etc.
- Lead independently and pro-actively the **coordination with key partners/ stakeholders**, foremost TGC EMC technical consortium as well as key political and public sector

- Steer, support, and review technical/ **policy research/ studies** on project thematic scope relevant policy and **regulatory framework** in Thailand from research to conceptualization and development of recommendations
- Lead and manage the drafting of **project documents**, including key technical and policy topics as well as essential project documents
- Lead and coordinate **monitoring and reporting** of project activities
- Support other implementation activities through strategic advice, both technical as well as in terms of partner relation
- Plan, advocate, and communicate actively overarching project scope and cross-sector implementation
- Identify and disseminate **information on relevant (external) knowledge events** within and outside of GIZ
- Develop, organize and **facilitate meetings, workshops**, events, trainings, exchanges, and excursions in coordination with component staff and relevant partners/ stakeholders
- Identify, analyze and disseminate information on relevant external knowledge products (i.e. publications, courses, trainings etc.) within and outside of GIZ
- Facilitate **public relations**, including writing articles and press releases
- Support **hiring qualified personnel**, support GIZ and project **on-boarding**
- Coordinate and ensure **regular communication with the management** (i.e. team meeting, Jour Fixe etc.) to consult, reflect, and jointly develop the strategic orientation of the project
- Contribute to GIZ Thailand internal **coordination/ knowledge management structures**, cluster, or relevant working groups, management meetings, country planning etc.
- Support the management in strategic development of the project, including **regional and global network** development, acquisition of funds, private sector engagement etc.
- Other tasks as required

We are looking for a candidate who preferably possesses (the equivalent of):

- Thai nationality only
- Master's degree related to at least one of the following fields: administration, management, climate change, environment, finance, economics, or energy
- At least 10 years of professional experience in project management, coordination and team leadership or related responsibilities, ideally working on topics in the scope of climate change, environment, energy, banking, climate finance, innovation, or communication
- Excellent communication skills and confidence to communicate with political partners and the private sector
- Ability to quickly establish dependable working relationships within the own organization and with external counterparts
- Independent working style with a strong team lead orientation
- Experience in organizing and facilitating workshops, seminars, or trainings, moderation skills are an advantage
- Experience in working with Thai ministries, in public administration or in an international organization as well as knowledge of political and administrative processes is a strong advantage
- Willingness to quickly develop an understanding of policies and technical matters relevant to the project; previous knowledge is an advantage
- Very good presentation and communication skills as well as negotiation and moderation skills
- Proactive and positive attitude and ability to self-motivate

- Interest and ability to work in a cross-cultural context and team
- Readiness to travel within Thailand and in the region, subject to project requirements
- Excellent command of Thai and English in writing and speaking; knowledge of German is an advantage.

This will be a fixed-term contract, starting as soon as possible and running until 31 December 2024 with the possibility of an extension.
