

As a non-profit, federally owned enterprise, the Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ) GmbH is active in over 130 countries worldwide, implementing international cooperation projects and measures in the field of sustainable development on behalf of the German Government, as well as other national and international clients (e. g. EU, private enterprises, and foundations). In addition, GIZ is also engaged in the field of professional training around the globe.

With over 60 years of experience implementing projects in Thailand, GIZ provides policy advice on various topics and sectors relating to Thailand's reform process, including: environmental protection, sustainable economic development, sustainable urban development, sustainable transport development, vocational training, product safety and consumer protection.

Intern for Inter-regional Platform for Just Energy Transition in Coal Regions (IKI JET)

Thailand has set ambitious climate targets, aiming for carbon neutrality by 2050 and net zero by 2065. Achieving these goals requires a swift transition from a fossil fuel-based energy system to renewable energies within a few decades. The project aids key stakeholders in coal regions in developing countries and emerging economies to devise and execute a just energy transition away from coal towards a low-carbon energy system, aligning with the Paris Agreement and the ILO Just Transition Guidelines.

The IKI-JET project in Thailand, initiated through the JET-CR Platform, facilitates interregional peer-to-peer exchanges, policy dialogues, and capacity-building measures among coal regions in transitioning economies across Latin America, Africa, and Asia. It also enables information sharing via a Knowledge Hub with EGAT and establishes a community of practice for national and regional stakeholders in Thailand. This fosters collaboration, knowledge exchange, and policy development in coal-dependent regions.

Job Highlights

- Drive the Just Energy Transition and support renewable energy goals.
- Innovate in energy solutions and contribute to global agreements.
- Work in a dynamic, international team fostering collaboration and sustainable energy practices worldwide.

RESPONSIBILITIES / TASKS

- Assist in implementing project activities by creating documents and presentations for online and in-person meetings and events for the Just Energy Transition in Coal Regions - Inter-regional Platform (JET-CR Platform).
- Take part in facilitating interregional peer-to-peer exchanges, policy dialogues, and capacity-building measures across Latin America, Africa, and Asia.
- Contribute to the establishment and maintenance of a Knowledge Hub with EGAT for information sharing and collaboration among national and regional stakeholders in Thailand.
- Conduct research and analysis on Thailand's energy and climate change sector development.

- Engage in fostering collaboration, knowledge sharing, and policy development in coal-dependent regions, impacting sustainable energy practices on a global scale.
- Monitor and analyze government energy policies relevant to the project.
- Aid in creating communication materials, such as project factsheets and policy briefings.
- Support coordination and collaboration efforts between Thai and German stakeholders.
- Perform other relevant tasks assigned by the project team.

QUALIFICATIONS

- Thai nationality only.
- Master/Senior bachelor's students in an area related to the project's topics, e.g., Engineering, Business Administration, Public Administration, Communication, International Relations, Management, etc. (currently enrolled or graduation as recent as six months ago).
- Strong interest in sustainable development, renewable energy, or energy transition.
- Technical knowledge of energy sector and renewable energy are a plus.
- Excellent command of MS Office package (Word, Excel, and PowerPoint).
- Excellent communication and interpersonal skills.
- Fluency in English and Thai (written and spoken) is required.
- Ability to work independently and in team.

Duty station and time frame:

The selected candidate is expected to start in September 2024 and continue until February 2025; however, the duration is negotiable, **with a minimum commitment of four to six months**. This position is a paid internship. The role will be based in the project office in Bangkok and will involve hybrid work.

Application Process:

Please carefully read the ad and **submit a CV AND a cover letter in English** to aronratt.soontonbura@giz.de
Only shortlisted candidates will be contacted.

The **deadline for application is 30 August 2024**. Only shortlisted candidates will be contacted.

GIZ Thailand is an equal opportunity employer and actively encourages gender diversity within the company and operations.
