

## Request for Quotation

**Required product: 1 unit of Silent box size S**

**1 unit of Silent Box size M**

**Delivery place: GIZ Office Thailand (Energy office) at Lake Rajada Office Complex,**

Ladies and Gentlemen,

'The Thai-German Cooperation on Energy, Mobility and Climate (TGC-EMC)' project is a Thai-German bilateral project funded by the German Federal Ministry for Economic Affairs and Climate Action (BMWK) under the International Climate Initiative (IKI). The project aims to enable key actors in Thailand to implement transformative activities in energy, transport, and industry sectors in line with the Government's 2050 climate neutrality target. Consequently, the decarbonization pathway for the power system is in line with the Thai carbon neutrality objective and supports a renewable energy-based electrification of end-use sectors. The project identifies and supports the development and implementation of transition pathways for each sector and provides evidence-based reform recommendations to government stakeholders. To establish vRE as the core energy resource, it supports energy system policies (design and planning), with a focus on the adoption of conducive regulations and technologies promoting sector integration (power, industry and transport) and flexibilization. In the City Lab, innovative technologies, as well as their piloting in real life conditions. The Thai Climate Finance Initiative (ThaiCI) serves as financial mechanism for sub-national climate action.

The "Thai-German Cooperation on Energy, Mobility, and Climate (TGC EMC)- Renewable Energy" project requests each bidder to offer for 2 Silent boxes according to the minimum specifications as stated in Terms of Reference. The offer shall contain the price per unit, with confirmation that the service centers will be available nationwide for maintenance and fixing after sales.

Please see Specification per Below Terms of Reference for your consideration.

### Bid submission

Please submit bid in 2 documents: (1) Specification of proposed product and (2) Price of proposed product. The price offer should be in a sealed envelope and placed inside the big envelope containing specification. **Bid should be submitted to GIZ Office Bangkok by hand or by post (refer to post stamp date) on or before (16th October 2024).**

If there is any question, please contact Procurement Unit at [TH\\_Quotation@giz.de](mailto:TH_Quotation@giz.de) with subject: Question for **PO 91183218**

# Terms of Reference

## For Procurement

### 1. Overview

**Project Title:** Thai-German Cooperation on Energy, Mobility, and Climate (TGC EMC)- Renewable Energy

**Project No.:** 21.9014.8-002.01

**Procurement for:** 2 Silent Boxes

**Expected delivery:** November 2024

### 2. Background

'The Thai-German Cooperation on Energy, Mobility and Climate (TGC-EMC)' project is a Thai-German bilateral project funded by the German Federal Ministry for Economic Affairs and Climate Action (BMWK) under the International Climate Initiative (IKI). The project aims to enable key actors in Thailand to implement transformative activities in energy, transport, and industry sectors in line with the Government's 2050 climate neutrality target. Consequently, the decarbonization pathway for the power system is in line with the Thai carbon neutrality objective and supports a renewable energy-based electrification of end-use sectors. The project identifies and supports the development and implementation of transition pathways for each sector and provides evidence-based reform recommendations to government stakeholders. To establish vRE as the core energy resource, it supports energy system policies (design and planning), with a focus on the adoption of conducive regulations and technologies promoting sector integration (power, industry and transport) and flexibilization. In the City Lab, innovative technologies, as well as their piloting in real life conditions. The Thai Climate Finance Initiative (ThaiCI) serves as financial mechanism for sub-national climate action.

### 3. Objective

We will procure 2 silent boxes for use by the Energy cluster in the new office on the 35th floor of the Lake Rajada Office Complex.

### 4. Specification:

#### **Silent Box Size M x 1 Unit**

Outer Frame	W1519 x D1159 x H2300 mm
Inner Frame	W1359 x D1015 x H2040 mm
Gross Weight	450 kg (Approximately)
Door	The laminated glass door with frame
Handle	Aluminum alloy Black
Lighting	Embed LED light x 1
Soundproof	YES
Ventilation System	YES

#### **Silent Box Size S x 1 Unit**

Outer Frame	W1000 x D1159 x H2300 mm
Inner Frame	W840 x D1015 x H2040 mm
Gross Weight	380 kg (Approximately)
Door	Combination hollow glass
Handle	Aluminum alloy Black
Lighting	Embed LED light Size S x 1
Soundproof	YES
Ventilation System	YES

### 5. Others

**Delivery Date : Within November 2024**

**Delivery Address : GIZ Office Thailand (Energy office)  
193/140 (Unit 35A, 35th FL.) at Lake Rajada Office Complex,  
New Ratchadapisek Road, Bangkok, Thailand, 10110**
