

As an international cooperation enterprise for sustainable development with worldwide operations, the government owned Deutsche Gesellschaft fuer Internationale Zusammenarbeit (GIZ) GmbH operates on behalf of German Ministry of Environment. GIZ has a record of more than 60 years working in Thailand.

For the Programme **TGC EMC: Thai-German Cooperation on Energy, Mobility, and Climate** we are currently looking for a Project Coordinator.

Project Officer

The **Thai-German Cooperation on Energy, Mobility and Climate (TGC EMC)** is a bilateral program under the International Climate Initiative (IKI) supported by the German Federal Ministry for Economic Affairs and Climate Action (BMWK). The programme aims to support the acceleration of Thailand's energy transition, ensuring compatibility between economic growth and high climate ambitions. Focusing on the two most important sectors in terms of emissions, the project will support the operationalization of the power and transport transition through technology and knowledge transfer as well as policy, regulatory and business model development support. A clear focus will be put on sector coupling to encourage the tackling of issues shared across sectors which slow the energy transition. This cross-sectoral support to implementation will translate into City Labs where the technical, regulatory and business support will be put into action along with local stakeholders in an urban set up, integrating a scaling-up plan. Finally, the project will provide significant support in the field of climate finance. The Thai Climate Finance Initiative (ThaiCI) will provide seed funding to a number of local projects along with capacity development to both the funding manager and potential recipients.

Responsibilities:

The Project Officer will be responsible for the following tasks:

- Coordinate and support **implementation of TGC EMC Overarching and cross-cutting** activities, across components, namely
 - Supervise and coordinate activity implementation of overarching and cross-cutting outputs
 - Establish, maintain, and further develop partner relationships with governmental agencies and consortium partners
 - Ensure synergies and coordination **across TGC EMC components and with other projects**
 - Support pro-active coordination with key partners/ stakeholders, foremost TGC EMC key political partners as well as technical consortiums.
- Support coordination and implementation/ application of collaborative **development of operational plans, result-based monitoring system, and other management tools and processes that support** the efficient and effective implementation of the project
 - Coordinate and support TGC EMC project **operational planning, including activities, timeline, and milestones**
 - Coordinate and support monitoring and **reporting** of project activities
- **Support project activities** independently, efficiently, transparently and in close cooperation with other teams and colleagues; activities foreseen include **internal and partner coordination; MRV activities; results monitoring; policy advisory; technical training and workshops**, etc.

- **Implement the review, update and validate of** technical/ reports, policy research/ studies on project thematic scope relevant policy and regulatory framework in Thailand from research to conceptualization and development of recommendations
- Support other implementation activities through strategic advice, both technical as well as in partner relation
- Develop, organize, and facilitate meetings, workshops, events, trainings, exchanges, and excursions in coordination with component staff and relevant partners/ stakeholders (at programme level); this includes the organization of the **Steering Committee Meetings** with political and consortium partners
- Identify, **analyze and disseminate information on relevant external knowledge products** (i.e. publications, courses, trainings etc.) within and outside of GIZ
- Support public relations activities, including writing articles and press releases
- **Coordinate and ensure regular communication with the management** (i.e. team meeting, Jour Fixe etc.) to consult, reflect, and jointly develop the strategic orientation of the project
- Contribute to GIZ Thailand internal coordination/ knowledge management structures, cluster, or relevant working groups, management meetings, country planning etc.
- Other tasks as required

We are looking for a candidate who preferably possesses (the equivalent of):

- Thai nationality only
- Master's degree related to at least one of the following fields: administration, management, climate change, environment, finance, economics, or energy
- At least 3 years of professional experience in project management, coordination and team leadership or related responsibilities, ideally working on topics in the scope of climate change, environment, energy, banking, climate finance, innovation, or communication
- Excellent communication skills and confidence to communicate with political partners and the private sector
- Ability to quickly establish dependable working relationships within own organization and with external counterparts
- Independent working style Very good presentation and communication skills as well as negotiation and moderation skills
- Proactive and positive attitude and ability to self-motivate
- Interest and ability to work in a cross-cultural context and team
- Readiness to travel within Thailand and in the region, subject to project requirements
- Willingness to quickly develop an understanding of policies and technical matters relevant to the project
- Excellent command of Thai and English in writing and speaking (C1 equivalent); knowledge of German is an advantage
- Experience and/or interest in results-based monitoring and monitoring and evaluation is considered a strong advantage.
- Proficiency in Microsoft Excel is a strong advantage.
- Experience in organizing and facilitating workshops, seminars, or trainings, moderation skills are an advantage
- Experience in working with Thai ministries, in public administration or in an international organization as well as knowledge of political and administrative processes is a strong advantage
